REF.: SIGNIFICANT EVENT

Dear Madam:

In accordance with articles 9 and 10, paragraph two, under Securities Market Law No. 18,045, and as established under General Norm No. 30 of the Financial Market Commission ("CMF") I, duly authorized and representing Enel Américas S.A. ("Enel Américas"), hereby inform you that:

As reported via significant event on April 7, 2023, on that date the subsidiary of Enel Américas, Enel Perú S.A.C. ("Enel Perú"), entered into a "Share Purchase Agreement", under which it agreed to sell to China Southern Power Grid International (HK) Co, ("CSGI"), all its shares issued by Enel Distribución Perú S.A.A. ("Enel Distribución Perú"), equivalent to approximately 83.15% of its share capital, and by Enel X Perú S.A.C. ("Enel X Perú"), equivalent to 100% of its share capital (the "Agreement").

The execution of the Agreement and the consequent transfer of the shares owned by Enel Perú, issued by Enel Distribución Perú and Enel X Perú, were subject to certain regulatory conditions precedent common for this type of transaction, among which was the approval by the National Institute for the Defense of Competition and Protection of Intellectual Property (Spanish acronym INDECOPI) of the Republic of Peru and the completion of all the necessary formalities with the Chinese authorities responsible for outbound direct investment (*Outbound Direct Investments* - ODI). These conditions were met, and it was communicated to the CMF and to the market in general via significant event on May 21, 2024.

As of today, (i) Enel Américas has granted a Parent Company Guarantee, under Chilean law, to guarantee certain payment obligations contracted by its subsidiary Enel Perú in connection with the Agreement. This guarantee contemplates maximum amounts and staggered terms for each group of

obligations, none of which exceeds a term of 5 years from this date; and (ii) the shares issued by Enel Distribución Perú and Enel X Perú owned by Enel Perú have been transferred to CSGI, for which the latter has received the price of the Agreement, which amounts to approximately USD 3,100 million, including customary adjustments common for type of transaction in relation to the time elapsed until the closing of the transaction, as established in the Agreement. The total value of the companies in relation to 100% of the sold assets amounts to approximately USD 4,000 million.

By virtue of the completion of the Agreement and the fulfillment of its main obligations, the change of control of the companies Enel Distribución Perú and Enel X Perú has been verified as of this date, so that they cease to be indirect subsidiaries of Enel Américas and, consequently, are no longer consolidated by the latter.

The closing of the Agreement has a positive effect on Enel Américas' consolidated net income of approximately USD 1,500 million.

Sincerely,

Aurelio Bustilho de Oliveira
Chief Executive Officer
Enel Américas S.A.
