Dow Jones Sustainability Chile Index and FTSE4Good Index

Dow Jones Sustainability Chile Index

On September, 6th 2017 Enel Américas has been selected as an index component of the Dow Jones Sustainability Chile Index (DJSI). This index is a recognition of corporate sustainability leadership within industry.

MEMBER OF

**Dow Jones
Sustainability Indices**

In Collaboration with RobecoSAM 

FTSE4Good Index

On July, 27th FTSE Russell (the trading name of FTSE International Limited and Frank Russell Company) confirmed that Enel Américas has been independently assessed according to the **FTSE4Good** criteria, and has satisfied the requirements to become a constituent of the FTSE4Good Index Series. Created by the global index provider FTSE Russell, the FTSE4Good Index Series is designed to measure the performance of companies demonstrating strong Environmental, Social and Governance (ESG) practices. The FTSE4Good indices are used by a wide variety of market participants to create and assess responsible investment funds and other products.

9M 2017 results

Closing remarks: highlights

Almost 20% of EBITDA growth

More than 90% of target efficiencies for 2019 already achieved

We continue with our growth strategy by acquiring 380 MW Hydro power plant Volta Grande in Brazil and 7.5% of minorities in Enel Dx Perú

Now Member of Dow Jones Sustainability Chile Index and FTSE4Good Index

Disclaimer

This presentation contains statements that could constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements appear in a number of places in this announcement and include statements regarding the intent, belief or current expectations of Enel Américas and its management with respect to, among other things: (1) Enel Américas' business plans; (2) Enel Américas' cost-reduction plans; (3) trends affecting Enel Américas' financial condition or results of operations, including market trends in the electricity sector in Chile or elsewhere; (4) supervision and regulation of the electricity sector in Chile or elsewhere; and (5) the future effect of any changes in the laws and regulations applicable to Enel or its subsidiaries. Such forward-looking statements are not guarantees of future performance and involve risks and uncertainties. Actual results may differ materially from those in the forward-looking statements as a result of various factors. These factors include a decline in the equity capital markets of the United States or Chile, an increase in the market rates of interest in the United States or elsewhere, adverse decisions by government regulators in Chile or elsewhere and other factors described in Enel Américas' Annual Report and Form 20-F. Readers are cautioned not to place undue reliance on those forward-looking statements, which state only as of their dates. Enel Américas undertakes no obligation to release publicly the result of any revisions to these forward-looking statements.
