

Enel Américas FY 2018 results

February 27th, 2019

FY 2018 results

Highlights of the period

EBITDA of 3,358 mUSD, an increase of 14% vs 2017 despite the negative Fx scenario in Argentina and Brazil. Net of Fx effect EBITDA would have increased by 33%

Distribution business EBITDA increased by 25%, reaching 1,941 mUSD mainly due to the consolidation of Enel Dx São Paulo and better results in Enel Dx Rio and Enel Dx Goiás

Eletropaulo (rebranded as Enel Distribuição São Paulo)

EBITDA of the company reached 244 mUSD and Net Income of 22 mUSD since June 2018

Energy sales in generation business increased by 17% due to consolidation of Volta Grande and higher sales in Cachoeira Dourada

Total Net Income of 1,667 mUSD, an increase of 48% vs 2017

Net Income Attributable to shareholders of 1,201 mUSD, an increase of 69% vs 2017

Regulation update

Argentina

- On August 1st, 2018, it was applied the **inflation adjustment of the Dx tariff**. This adjustment was for 50% of the inflation of the period which was an 8% increase in Dx tariff, and the remaining 50% was applied since February 2019. Also, since February 2019 the wholesale energy price increased 26%. On January 31st, the government announced an increase of 33% on the Dx VAD starting to be applied on March 1st.
- Argentina Energy Secretariat issued Resolution N° 70/2018, which **allows generators to get into private fuel provisioning contracts**.

Brazil

- On March, the Regulator kept the WACC at the current level **12.3%** (real before taxes)
- ANEEL approved the 4th tariff review of **Enel Rio** (March) and **Enel Goiás** (October)
- Structural solution related to CGTF: Injunction obtained on October 25th to restore the gas supply contract by Petrobras (effects from December 11th). Provisional Measures made in order to include the increase of gas cost as a pass through to final customers, are still pending approval.

Colombia

- Res. CREG 015/2018 – Final resolution of the **Distribution remuneration methodology**.
- Regulator released resolutions to establish rules and schedule of the first long term energy contracts auction that ensure the **energy supply and demand coverage** from late 2021 to 2033.
- Regulator released resolution CREG 142 –establishing the schedule for reliability charge auction.

Peru

- On December 26th 2018, Osinergmin issued the final resolution which disclosed the new VAD for Enel Dx Perú and Luz del Sur, among other distributors. The results were favorable compared to the VAD resolution published in October.

FY 2018 results

Closing remarks: highlights

Results in line with our guidance 2018 announced in November 26th and better compared to the previous year despite the adverse macro scenario and currency devaluation in Argentina and Brazil

Energy sales in generation and distribution businesses significantly higher than the same period of last year mainly due to Volta Grande and Enel Dx São Paulo acquisition

Enel Dx São Paulo's performance better than initial announced

Sustainability commitment is present along the whole business value chain supported by the most important international recognitions in this field
